The Allegany County Health Department reports that 40.0% of Allegany County residents are fully vaccinated against COVID-19 compared to 57.3% of Marylanders. In fact, some Maryland counties have vaccinated 60% or more of their residents.

"More than 28,000 Allegany County residents have been fully vaccinated against COVID-19, and the vaccine is highly effective at preventing infection, hospitalization, and death. Still, our county is lagging behind the State vaccination rate, especially among young people," said Allegany County Health Officer Jenelle Mayer. "We encourage everyone to make it a priority to get your COVID-19 vaccination. If you have questions about the vaccine, seek advice from trusted sources such as your doctor, your pharmacist, or your child's pediatrician."
